

FREEDOM TO BE YOURSELF

Saturday 28th and Sunday 29th October 2017

Join Lucille Henry PhD and David Gibson on **a two day voyage of discovery.**

This is a powerful journey to SELF, the most powerful Source of energy we have.

Learn how to create the life you want by changing the rules and boundaries you live by.

DAY ONE: IDENTIFY – discover all the rules you live by.

Examine your life through many different lenses to see the hidden rules that govern your life. Knowing who you are and rules that shape your world will help you to create maintainable and powerful changes.

Explore the different facets of you. Connect to the centred core that resides within you.

DAY TWO: RELEASE - the energy and feelings trapped inside your rules.

OLD ENERGY keeps OLD PATTERNS in place. Spend the day working in your own energy field learning how to adjust and release the energy barriers that create limitation. WITH RELEASE COMES EXPANSION your spirit will soar when it reconnects back into Source Love.

Practice powerful emotional release techniques; energy expansion techniques; maintaining your connection to Source energy - the love within.

Close one door and open a new chapter in life. Allow new dreams and goals to become your reality.

FOUNDATION - Living life on your own terms.

Too often after a powerful release we go straight back into our normal lives without allowing ourselves to adjust to a new reality. In the afternoon you will focus on your plans and goals. Learn about the POWER OF CONNECTION; POWER OF BALANCE to maintain your energy and keep the new foundations of your life open and in flow.

With the right connections in place, your year/life plan becomes realistic and effective.
